## **I'm going to tell you a story about Jesus and an amazing miracle he performed.**

There were ten people who came to him, who had a disease called leprosy. Leprosy made your skin yucky, and sometimes even made parts of your body come off!

These men came up to Jesus and asked if He would heal them. Jesus told the men to go and show themselves to priests at the church, which was normally what you'd do after being healed. The lepers went, and along the way to the church, they realized they were healed. How amazing! They must have been so excited, don't you think? But guess what: there were ten men who got healed. Do you know how many of them came back to Jesus and said "thank you"?

Only ONE.

Just one man said thank you to Jesus! The Lord was glad this man came back, but I'll bet He felt a little sad that none of the others said thank you. Now, Jesus is full of mercy, so He didn't put leprosy back on the other guys or punish them for forgetting to show gratitude...but He was certainly happy that the one man did!

And you know, it's easy for us to think this is sad, or assume that we would do the right thing and say thank you if it was us that Jesus healed. But how often do we forget to say "thank you"? God gives us great things in our lives every day.

Every blessing we have, and every breath we have, comes from Him. We should say thank you all the time, every day, but sometimes we forget. We might be more content if we reminded ourselves to tell God thank you for every good thing—and even the not so good things. The Bible tells us to pray and give thanks in ALL circumstances.

And not only should we give thanks to God, but to others around us, too. God gives us friends and family, and He also gives us pastors to help us. ~~Did you know this is Pastor Appreciation Month?~~

That means we should show some extra gratitude and appreciation for our ministers and the work they do in our lives. Pastors work so hard every day, and they don't always here positive words.

So why don't you take some time to tell the pastor thank you and remind him that you appreciate the job and hard work he does? You could also write a thank you note or draw a picture!

Meanwhile, let's take a moment to tell GOD thank you for all He does...
